CERTIFICATIONS

Frontend Web Development Using ReactJs and CSS

DEEBUG Institute/Studios,

June 2022

Projects

Pickload

Tech Stack: ReactJs, CSS, REST API, Payment Integration

- Collaborated with a team to develop **Pickload** user and admin website.
- Collaborated with another Web Developer to Build the Admin Website, enabling admins to track transactions, verify, and block users for better security and management.
- Integrated airtime, data, and payments for seamless transactions.
- Implemented Paystack's Dedicated Virtual Account (DVA) for secure and automated fund management.
- Integrated real-time chat and payment gateway for smooth transactions.
- Utilized GetStorage for local data persistence, improving offline functionality.
